

# CONFIRMATION

## EGOFLEX 423

Based on the license issued by GEV (Gemeinschaft Emissionskontrollierte Verlegewerkstoffe, Klebstoffe und Bauprodukte e.V.) dated 01.03.2023, **EGO** Dichtstoffwerke confirms the following VOC requirements for **EGOFLEX 423**:

EMICODE EC1 PLUS (GEV classification criteria / requirements for emission-controlled flooring installation materials, adhesives and building products)

The test to determine the product emission was carried out by a laboratory in accordance with the GEV test method and/or EN 16516 / ISO 16000 with corresponding accreditation according to ISO 17025.
